Project Selection Tools by Dorji Penjore (work under progress)

1. Alcohol			
Will increase consumption of alcohol among the youths	Not sure if it will increase consumption of alcohol among the youths	Will not increase consumption of alcohol among the youths	Will decrease consumption of alcohol among the youths
1	2	3	4

2. Narcotic products			
Will increase consumption of narcotic products among the youths	Not sure if it will increase consumption of narcotic products among the youths	Will not increase consumption of narcotic products among the youths	Will decrease consumption of narcotic products among the youths
1	2	3	4

3. Tobacco products			
Will increase consumption of tobacco products among the youths	Not sure if it will increase consumption of tobacco products among the youths	Will not increase consumption of tobacco products among the youths	Will decrease consumption of tobacco products among the youths
1	2	3	4

4. Crime			
Will increase incidence of crime among youths	Not sure if it will increase incidence of crime among youths	Will not increase incidence of crime among youths	Will decrease incidence of crime among youths
1	2	3	4

5. Juvenile delinquency			
Will increase incidence of juvenile delinquencies	Not sure if it will increase incidence of juvenile delinquencies	Will not increase incidence of juvenile delinquencies	Will decrease incidence of juvenile delinquencies

Project Selection Tools by Dorji Penjore (work under progress)

1	2	3	4
---	---	---	---

6. Recreational facility			
Will take away recreational facilities for the youths	Not sure if it will take away recreational facilities for the youths	Will not take away recreational facilities for the youths	Will add recreational facilities for the youths
1	2	3	4

7. Sports and games			
Will discourage sports and games among the youths	Not sure if it will discourage sports and games among the youths	Will not discourage sports and games among the youths	Will encourage sports and games among the youths
1	2	3	4

8. Life and occupational skill building			
Will discourage activities that will build life and occupational skills among the youths	Not sure if it will discourage activities that will build life and occupational skills among the youths	Will not discourage activities that will build life and occupational skills among the youths	Will encourage activities that will build life and occupational skills among the youths
1	2	3	4

9. Career counselling			
Will discourage career counselling to the youths	Not sure if it will discourage career counselling to the youths	Will not discourage career counselling to the youths	Will encourage career counselling to the youths
1	2	3	4

10. Scouting			
Will discourage	Not sure if it will	Will not discourage	Will encourage

Project Selection Tools by Dorji Penjore (work under progress)

scouting	discourage scouting	scouting	scouting
1	2	3	4

11. Activity for engaging youths			
Will decrease activities that will engage youths (students) during vacations	Not sure if it will decrease activities that will engage youths (students) during vacations	Will decrease activities that will engage youths (students) during vacations	Will increase activities that will engage youths (students) during vacations
1	2	3	4

12. Volunteers to advise youths			
Will discourage numbers of volunteers for counselling the youths	Not sure if it will discourage numbers of volunteers for counselling the youths	Will not discourage numbers of volunteers for counselling the youths	Will encourage numbers of volunteers for counselling the youths
1	2	3	4

13. Role of parents			
Will discourage the role of parents in counselling and development of youths	Not sure if it will discourage the role of parents in counselling and development of youths	Will discourage the role of parents in counselling and development of youths	Will encourage the role of parents in counselling and development of youths
1	2	3	4

14. Role of other family members			
Will decrease the role of other family members in counselling and development of youths	Not sure if it will decrease the role of other family members in counselling and development of youths	Will not decrease the role of other family members in counselling and development of youths	Will increase the role of other family members in counselling and development of youths
1	2	3	4

Project Selection Tools by Dorji Penjore (work under progress)

1	2	3	4
---	---	---	---

15. Role of teachers			
Will decrease the role of teachers in counselling and development of youths	Not sure if it will decrease the role of teachers in counselling and development of youths	Will not decrease the role of teachers in counselling and development of youths	Will increase the role of teachers in counselling and development of youths
1	2	3	4

16. Role of school			
Will decrease the role of schools in counselling and development of youths	Not sure if it will decrease the role of schools in counselling and development of youths	Will not decrease the role of schools in counselling and development of youths	Will increase the role of schools in counselling and development of youths
1	2	3	4

17. Role of community			
Will discourage the role of society and community in counselling and development of youths	Not sure if it will discourage the role of society and community in counselling and development of youths	Will not discourage the role of society and community in counselling and development of youths	Will encourage the role of society and community in counselling and development of youths
1	2	3	4

18. Discotheques			
Will decrease number of discotheques to engage the youths	Not sure if it will decrease number of discotheques to engage the youths	Will not decrease number of discotheques to engage the youths	Will increase number of discotheques to engage the youths
1	2	3	4

Project Selection Tools by Dorji Penjore (work under progress)

19. Engage in volunteerism			
Will decrease activities that will engage the youths in volunteerism	Not sure if it will decrease activities that will engage the youths in volunteerism	Will not decrease activities that will engage the youths in volunteerism	Will increase activities that will engage the youths in volunteerism
1	2	3	4

20. Youth infrastructure in other towns			
Will decrease youth development infrastructure in towns other than Thimphu	Not sure if it will decrease youth development infrastructure in towns other than Thimphu	Will not decrease youth development infrastructure in towns other than Thimphu	Will increase youth development infrastructure in towns other than Thimphu

21. Special support to the vulnerable youths			
Will decrease special support to the vulnerable youths	Not sure if it will decrease special support to the vulnerable youths	Will not decrease special support to the vulnerable youths	Will increase special support to the vulnerable youths
1	2	3	4

22. Income generating activity			
Will decrease income generating activity for the youths	Not sure if it will decrease income generating activity for the youths	Will not decrease income generating activity for the youths	Will increase income generating activity for the youths
1	2	3	4

23. Values education			
Will decrease values education in schools	Not sure if it will decrease values education in schools	Will not decrease values education in schools	Will increase values education in schools
1	2	3	4

Project Selection Tools by Dorji Penjore (work under progress)

--	--	--	--

24. Information			
Will decrease information on youth development	Not sure if it will decrease information on youth development	Will not decrease information on youth development	Will increase information on youth development
1	2	3	4

25. Access to spiritual teachings			
Will decrease access to spiritual teachings	Not sure if it will decrease access to spiritual teachings	Will not decrease access to spiritual teachings	Will increase access to spiritual teachings
1	2	3	4

26. Psychiatric facility			
Will decrease psychiatric facilities for the youth counselling	Not sure if it will decrease psychiatric facilities for the youth counselling	Will not decrease psychiatric facilities for the youth counselling	Will increase psychiatric facilities for the youth counselling
1	2	3	4

27. Rehabilitation centres			
Will decrease number of rehabilitation youth centres	Not sure if it will decrease number of rehabilitation youth centres	Will not decrease number of rehabilitation youth centres	Will increase number of rehabilitation youth centres
1	2	3	4

28. Education loan			
Will discourage educational loans to the students	Not sure if it will discourage educational loans to the students	Will not discourage educational loans to the students	Will encourage educational loans to the students
1	2	3	4

Project Selection Tools by Dorji Penjore (work under progress)

29. Public libraries			
Will decrease number of public libraries	Not sure if it will decrease number of public libraries	Will not decrease number of public libraries	Will increase number of public libraries
1	2	3	4

30. Scholarship to the vulnerable youths			
Will decrease number of scholarships open to the vulnerable youths such as orphans	Not sure if it will decrease number of scholarships open to the vulnerable youths such as orphans	Will not decrease number of scholarships open to the vulnerable youths such as orphans	Will increase number of scholarships open to the vulnerable youths such as orphans
1	2	3	4

31. Sports and games			
Will discourage sports and games among the youths	Not sure if it will discourage sports and games among the youths	Will not discourage sports and games among the youths	Will encourage sports and games among the youths
1	2	3	4

32. Sports facilities			
Will decrease number of sports facilities	Not sure if it will decrease number of sports facilities	Will not decrease number of sports facilities	Will increase number of sports facilities
1	2	3	4

33. Traditional sports			
Will discourage institutionalization of traditional sports like <i>khuru</i> and <i>dego</i> in schools	Not sure if it will discourage institutionalization of traditional sports like <i>khuru</i> and <i>dego</i> in schools	Will not discourage institutionalization of traditional sports like <i>khuru</i> and <i>dego</i> in schools	Will encourage institutionalization of traditional sports like <i>khuru</i> and <i>dego</i> in schools
